

## Once More We Are Disappointed

One week ago our contractor assured us he would have our new store, first door west of Calisher's, ready for occupancy by October 6th. He now tells us it will be impossible to turn the building over to us, completed, before Oct. 11th. Having twenty pianos left Saturday night, and as it is important we sell every piano we have in our old store, before moving into the new, we will continue our Monster Removal and Special Discount Sale all of next week, or until the last piano in our old store is sold. This will give those who were not able to call and secure a strictly high grade piano at a less price than the cheapest pianos usually sell at.

**Remember at our Monster Removal and Special Discount Sale You Can Secure Pianos of the Highest Grade at from One-Third to Less Than Half the Regular Retail Prices While They Last.**

Some of the best pianos we had when our removal sale started are yet stock to choose from.

**We have second hand and slightly used pianos from \$50.00 up to \$125.00. New Pianos from \$200.00 up.**

Remember in addition to our Monster Removal and Special Discount Sale we are giving \$2.00 credit for every \$1.00 paid down up to \$50.00 on any piano in our store. Balance of payments to suit the buyers. Remember the place.

## Will Probe Motive of Texas Girl's Charges Against Millionaire

New York, Oct. 4.—Following the dismissal of the case against Herman Oelrichs, a young millionaire, in which he had been held in \$1,000 bail, on the charge of felonious assault upon Miss Lucille Singleton, police commissioner Waldo tonight announced that he would make an investigation to determine the motive which caused Miss Singleton, originally to charge that she had been stabbed by Oelrichs, when she was aware that her injuries had been caused by the broken windshield of the wrecked automobile in which they had been riding.

As a part of this investigation Oelrichs and Miss Singleton will be subpoenaed to appear at the police trial. The police commissioner has evidence that the first imputation Miss Singleton gave that she had been stabbed was when she inquired of the surgeon who was dressing her wounds: "Could I recover damages if I had been stabbed instead of being cut by the glass windshield?"

Miss Singleton today packed her trunk preparatory to returning to Dallas, Texas, with her father, Edwin Singleton, reputed to be a wealthy mining man and who was expected to arrive in New York late tonight.

Following the dismissal of the case by the court, the Columbia Law school faculty announced that no action would be taken in the case and Oelrichs will be allowed to continue his studies with the law class.

**\$10,000,000 Bride, Used Pope's Ring, Is Seeking Divorce**

New York, Oct. 4.—The announcement today that Mrs. Josephine Drexel Emmett had brought suit for divorce against Dr. John Duncan Emmett caused much astonishment in society here and in Philadelphia. Deserion is the cause assigned for the action. No details of the petition have been obtainable.

Mrs. Emmett before her marriage on February 9, 1904, was known as the \$10,000,000 heiress. She was the daughter of Joseph Drexel, partner of J. P. Morgan. Dr. Emmett was connected with the New York College of Physicians and Surgeons.

The suit was filed in Connecticut and the papers were served upon Dr. Emmett at Cannon station, which is a few miles from Norwalk. The hearing will be at Bridgeport.

The wedding of Miss Drexel and Dr. Emmett was a society event marked by the most elaborate ceremonies. It took place in St. Patrick's Cathedral. Six prelates were present. The wedding ring had been owned by pope Pius. More than 2000 persons representing the best families of New York, Philadelphia and Newport attended.

## Just Why She Said It—

I do not know, but that fine lady did say—  
"THIS STORE IS PERFECT!"  
Only she was mistaken. Nobody knows so much about it as the writer, who surely knows how much better the store is than it used to be and even more, he knows how much better it will be because of the diligent study and earnest effort every day to improve something.  
To be just as good as other stores is not rising up to the ideal and endeavor many of our workers have set for this store.  
"What is your idea of a good store?" a kindly critic may ask.  
The answer is—Come and see!  
THE AD. MAN

## New York Fashions and The "Popular's"

Are as Sympathetic as The Two Diaphragms of The Telephone

THE INSTANT a word is spoken into a telephone it is heard at the other end of the line. The two diaphragms vibrate in unison. As soon as the word of Fashion is spoken in New York it is "heard" at the "Popular." New styles are shown here almost simultaneously with the New York stores. It used to be said that New York women wore a thing one year and the style got down here the next. Today, with alert

merchandise men, an efficient organization and ample capital, the "Popular" brings the Fashions to El Paso as quickly as they are conceived. Night letters, fast steamships, express trains and the "Popular's" determination are annihilators of time and distance. So look to the "Popular" for all that is newest in the world of fashion. "Popular" service is practically "instantaneous service."

## The Coat Suits

THESE can hardly be classed under the general head of "Tailored Suits," as formerly. Tailored suggests something sort of plain and stiff. The coat suits this season are the very antithesis of stiffness.  
—Unending variety is the keynote. Never was there such a variety of materials to select from and particularly NEW materials. Poplins, Bayadere Cloth, Fancy Striped Eponges, Plain and Broadtail Plushes, Silk and Wool Brocades, Beau de Peche, Duvetyn, Cut Velours, Beau de Cygne, Broadcloths, Velvets, Serges, Cheviots, Diagonals, Brocades and fully as many more materials as we have already mentioned.  
—And oh, such styles—such trimmings—such colors—such beauty! Everything ranging from the plain tailored 38 inch coat to the very latest and most elaborate one-piece-back-and-sleeve models of the Japanese. We feature five exceptionally strong lines for women at \$25, \$27.50, \$29.50, \$34.50 and \$39.50, and two strong lines for small women, misses and junior girls at \$10 and \$15.

## The Street Dresses

THE grace of line in the new Dresses will impress the casual observer, for the very cream of Paris designing has been their inspiration. Each one of them is a perfectly artistic creation. Every "Popular" garment is sure to quickly convince the most discriminating that it is the work of a master mind in clothes designing.  
—There is such a variety this season that no one can fail to find a garment especially suited to their wants. Materials are largely in the drapy materials—those fabrics which lend themselves most readily to long flowing lines. For instance, canton crepes, crepe metors, Mikado crepes, Crepe de Chine, crinkle crepes, charmeuse, velvets, etc.  
—Styles are too varied and beautiful to describe. Trimmings are a profusion of lace, chiffons, tulle, etc., elaborately draped; deep girdles, fancy ornaments, etc. Prices to suit all purses.  
—We feature two exceptionally strong lines of street dresses at \$15 and \$25.

## Afternoon Dresses

THERE are many women who, out of the experience of years, hesitate or decline to select apparel for a new season until they have made inspection of the new fashions as presented at the "Popular." The soundness of such judgment would once more be evidenced by the showing which, we invite you to see Monday.  
—It is a comprehensive assemblage of the new modes that are to make the coming season one of special beauty and originality in woman's dress.  
—For afternoon wear we are showing a magnificent assortment in beautiful silken materials, embossed velvets and chiffons embossed in velvet; also combinations of plain and brocaded velvets and charmeuse. In these velvet materials are such colors as tan, soft green, rose shades, amethyst, gold, etc. The silks range through every shade brought out for the season.  
—We feature dainty little Dancing Frocks of chiffon, shadow lace and charmeuse in all wanted shades and the season's very best styles at \$15 and 25.

## For Wear Evenings

IF WOMAN demands absolutely authoritative style in any one thing more than another, it is her evening wear. For it is in these garments that she is subjected to the most critical gaze.  
—For this reason women are extremely careful in buying this class of apparel and go only to a store that is well known for its absolute style reliability. Most of them choose the "Popular."  
—To attempt a description of these elaborate and exquisite garments would be futile. We can only say that we have a magnificent assortment to show you, and that we want you to see them. Each one has its own story of beauty, and you should buy nowhere before you, at least, see what the "Popular" has to offer.

## The Separate Skirts

MARVELOUS has been the demand this season for the separate skirt. Mixed costumes are so decidedly popular that a woman makes up a suit out of a separate coat, a separate skirt and one of the handsome new waists, which are so hard to resist.  
—The widest assortment of skirts we have had in many seasons is ready for your inspection. Decidedly in favor are the new black and white effects in shepherd checks, waffle cloth, honey comb weaves, etc., and also in Scotch plaids. These are especially suitable for street and general service wear. More dressy models in serges, poplins, whicorods, matelasses, moires, etc.; beautiful draped models, peg top effects, etc.; quite a necessary adjunct to any wardrobe.  
—We show wonderful values at \$4.95 and \$7.50.

## Inexpensive Hats

IF \$5.00 to \$12.50 is your price for a new Fall Hat, then the "Popular" is the ideal place to go. It requires greater genius to make a really pretty Hat at a low price than at a high price. When one must economize on materials, to keep the price down it requires special talent.  
—The "Popular" maintains a force of expert trimmers who do nothing but design and make inexpensive Hats. Their creations are real marvels of beauty.  
—We show hundreds of Hats which embody all the newest fashion features, and which ordinarily would be sold at higher prices than \$5.00 to \$12.50.  
—May we have the pleasure of showing you these hats tomorrow? We are sure to please you in a becoming hat. Come early.

## Favorites In Blouses

FASHION has attained no fairer heights than you'll find among the gorgeous Blouses to be seen at the "Popular."  
—Blouses of allover net, pleated front and back, yoke effects, low neck, narrow pleated, net ruffle on neck and sleeves, lined with delicate shade of mull.  
—Blouses of Crepe de Chine, messaline, chiffon, shadow lace, lingerie cloths, etc.  
—Many of these blouses are in shades especially selected to match suits we have in stock.  
—Then there are no end of tailored linen shirts for women, with stiff collar and cuffs or soft detachable collar and French turn-back cuffs. Many of them hand embroidered.  
—Prices range from 95c up as high as \$22.50.  
—We especially feature strong lines at \$2.95, \$4.95, \$7.50, \$10.50 and \$12.50.  
—Blouses to fit every size woman—including the stout woman who wears a size 50.

## Smart Coats and Wraps

THIS season's styles in Coats and Wraps are radically different from those of past seasons, and the models we are showing are most pleasing. You will have little trouble getting just the class coat you want here, and at the price you want to pay.  
—For street wear we show many coats of Pile Fabrics in black and all colors, and others of chinchilla, novelty boucles, plush, fancy cheviots, vicuna cloth, wool plush, duvetyn, Scotch plaids. Models are very smart.  
—We feature a corduroy "Sport" Coat in various shades, made on loose lines, wide belt, patch pockets and fancy buttons. Unexcelled value at \$10.50.  
—We call your attention to a handsome brocaded black velvet coat, with black or fancy colored guaranteed satin lining. One of the best garments for the money ever shown at the "Popular"—\$15.00.

## Fashionable, Dependable

As the average woman cannot detect a good fur from an inferior one, we have been more than ever particular in our choosing. We will be pleased to explain any fur point Monday and all this week.
